

Introducing the new level of ABC Music & Me!

Kindermusik International is delighted to present **Wiggle & Grow**, a new level of ABC Music & Me. We listened to all our customers who have loved using ABC Music & Me with their students and wanted more. So we created additional lessons that smoothly harness music and movement to teach all-important skills for young children: language and early literacy, vocabulary and patterns, gross and fine motor control, self-regulation and transition.

Plus, **Wiggle & Grow** offers the same fun, engagement, and ease of use everyone already enjoys with ABC Music & Me.

Wiggle & Grow expands the ABC Music & Me program levels for all young students:

Wiggle & Grow

Develops young children's language skills

Laugh & Learn

Advances early literacy and expression

Move & Groove

Takes vocabulary and phonemic awareness to the next step

See for yourself!

It would be our pleasure to offer you a **free demonstration class**. Call (800) 628-5687 x1106 or email info@abcmusicandme.com today to schedule your free class.

"My students love it! And you've done the research already and made this incredibly easy for me to teach with minimal preparation. Thank you!"
